Bay County, Florida, Clerk of the Circuit Court agrees to install Excise, Pioneer Technology Group's Tourist Development Tax System

Maitland, Florida -- (March 22, 2006) -- Pioneer Technology Group, a provider of custom developed software to County Government, announced that Bay County, Florida, Clerk of the Circuit Court has agreed to be the first to implement Excise, its Tourist Development Tax System.

Excise will provide for web based access to allow business registration and online remittance, accepting ACH, escrow account and credit card payments. In addition it will allow Audit tracking capabilities that integrate with the Property Appraiser's Office and other County departments to share information (building permits, non-homestead condo/homes, commercial properties) to aid tracking down businesses not in compliance.

"Harold Bazzel, Clerk of the Circuit Court in Bay County, has always been very innovative in his use of technology." said Steve T. Rumsey, President of Pioneer Technology Group. "He is always looking for ways in which to make the Court House more accessible for the citizens of Bay County."

About Pioneer Technology Group

Pioneer Technology Group is a provider of custom developed software to County Government specifically targeting County Clerks, Property Appraisers and Tax Collectors. Pioneer Technology also provides consulting services to counties in the areas of electronic document transmission, recording and workflow management.
