Pioneer Technology Group signs contract with Broward County, Florida to install the Axia Value Adjustment Board System

Maitland, Florida -- (June 30, 2006) -- Pioneer Technology Group, a provider of custom developed software to County Government, announced that Broward County, Florida will implement Axia, its Value Adjustment Board System.

Axia will improve and extend the automation of Broward County's Value Adjustment Board process by providing taxpayers with a variety of ways to submit petitions, evidence and filing fees; as well as, secure internet access to hearing schedules and petition status. In addition, the system utilizes Smart Document technology, paperless hearings where petitions and evidence can be viewed electronically and special magistrates have the ability to complete and submit an electronic worksheet, and the ability to automatically calculate the Tax Impact Notice for the newspaper with certification to the Tax Roll.

About Pioneer Technology Group

Pioneer Technology Group is a provider of software products to County Government specifically targeting County Clerks, Property Appraisers and Tax Collectors. Pioneer Technology also provides consulting services to counties in the areas of electronic document transmission, recording and workflow management.
