Orange County Comptroller to Install Axia, Pioneer Technology Group's Value Adjustment Board System

Maitland, Florida -- (December 4, 2006) -- Pioneer Technology Group, a provider of custom developed software to County Government, announced that the Orange County, Florida Comptroller has signed a contract to implement Axia, its Value Adjustment Board System.

Axia will provide the Orange County Comptroller with online access for taxpayers, Property Appraisers, Magistrates, and Value Adjustment Board staff. Online access will include real-time status of petitions, hearing dates and hearing decisions as well as allow for evidence submittal and retrieval.

Additionally, Axia's paperless hearing module allows for automated batch scheduling, the assigning of Special Magistrates with the correct qualifications, automatic refilling of empty time slots with petitions that fall within time parameters, generation of hearing notices, and the review of hearings schedules and daily agendas.

About Pioneer Technology Group

Pioneer Technology Group is comprised of experts in system design and development, integration and implementation thus providing clients with an unparalleled level of service. Our commitment to each client goes beyond the completion of a project. We provide continual support through all project phases, including software maintenance, version upgrades, technical support and dedicated personnel to meet your needs.
